

I've already contacted some of Sinclair's television advertisers, and let them know that their advertising dollars are supporting a partisan attack on Senator John Kerry. Thus, they can decide if they still want to continue advertising with Sinclair. I only emailed and sent letters to a few, so THEY SHOULD ALL BE CONTACTED.

Can I voice a second complaint? Can you folks find an attorney or suggest punitive action against the RNC? They are aiding and abetting in the crime of voter fraud by giving \$500,000 to Sproul & Associates, the company represented themselves as a non-partisan group to accept new voter registrations, and tore-up all of the Democratic Party registrations.

Thank you for your time.
